Configuration Notes Master Index
Domestic and International

AVAYA

Configuration Notes in Bold are either new or updated.

This Index is compiled by the Integration Specialist Engineering group to provide a master list of all currently
assigned configuration note numbers.
Draft Configuration Notes are available by request only, no exceptions. Email <u>integsupport@avaya.com</u> for requests.
All Draft Configuration Notes requests will be monitor via the CI process.

The following configuration note numbering plan is used when assigning new configuration notes:
